UBC Department of Radiology Medal of Excellence

The UBC Department of Radiology Medal of Excellence was created in 2021 to mark the celebration of the Department’s 50th Anniversary. The Medal recognizes individuals who have brought high honour to the Department through one or all of their clinical practice, teaching, research, scholarly activity or community involvement.

Criteria for Adjudication of the Award

- All Faculty, past and present are eligible for the award.
- The Awards Committee shall be the Department Head and four Full Professors (three from the Department of Radiology and one from a Faculty of Medicine Department selected by the Department Head of Radiology).
- Candidates for the award shall be considered annually but the Medal awarded only when a suitable Candidate(s) is approved by the Committee.
- The initial awards will be to one Candidate in each of the first five decades of the department.
